Because I live near Toin High School and I hear the sound every day. After I become a member of the club, I want to practice very hard like them and make people happy by giving a good performance.

Second, I want to do volunteer work there. Toin High School is ③( know ) for its volunteer work. In 1996, Toin students went to Australia to study English and they met students from **Southeast Asia** there. They learned some problems for living in Southeast Asia from the students and they thought, "There is something we can do to help them." That was the beginning of this volunteer work. They sent 200 boxes which the clothes were in last year. ⑤ They helped a lot of foreign people who need support. I think helping each other is very important, so I want to join them.

My school life at Toin High School will be very busy, but I'm sure it will be also fun. I'm very excited to be a Toin High School student next spring.
